2014-2015 Calamity Days

Beginning with the 2014-2015 school year, districts that change to an hour-based schedule will no longer have calamity days. Instead, schools may schedule "excess" hours above the minimum number. Hours missed above the minimum do not have to be made up. However, if a school closes enough that it will fall below the minimum number of hours, the school must extend its scheduled year. The required minimum hours for our school is 1,001 hours. We have 1,127 hours in our calendar. We have 126 extra hours built in to our calendar. We are at 1069. We have 68 left before we reach 1001 hours. Reasons to close the school: Disease epidemic; Hazardous weather conditions; Law enforcement emergencies; Inoperability of school buses or other equipment necessary to the school's operation; Damage to a school building; or other temporary circumstances due to utility failure rendering the school building unfit for school use.
